# Regulatory Framework

**Clanmil Housing Association - Regulatory  
Judgement**

**Report 2023/24**

## Introduction

The Department for Communities (DfC) is the Regulatory Authority for Registered Housing Associations (RHAs) in Northern Ireland. The Housing Regulation Branch within DfC undertakes this Regulation activity on behalf of the Department and we seek to protect the interests of tenants, homeless people and others who use the services provided by RHAs. To ensure this is achieved, RHAs must provide us with the necessary information on a regular basis to demonstrate how the Regulatory Framework Standards are being achieved.

## RHA Background

Clanmil Housing Association (HA) was first registered as a HA in 1977. In October 1996, it re-registered as a non-profit making Industrial and Provident Society as Clanmil Housing Association Limited. The association currently employs around 330 staff. It has in excess of 5,600 units of social housing comprising family homes, independent living for older people and supported housing for people with dementia.

## Regulatory Approach

Through our risk-based and proportionate approach to regulating RHAs, we focus our attention on the important risks and key aspects of an RHA's performance. This includes having different levels of engagement depending on the RHA's risk and performance profile.

When we refer to risk, we are referring to the risk to the interests of tenants and other service users. This may not always be the same as an RHA's own detailed assessment of the operational risks it faces. This judgement is completed in accordance with the risk-based approach to regulation introduced in April 2017.
